8/15/25

Observations

1. The Beast manifests as both a kingdom and an individual

2. The Beast embodies the nature, Power and characteristics of the Dragon.

3. The Beast receives his power from the Dragon.

4. The Beast is given power to make war with the saints and to overcome them.

Application

1. We should give thanks to our God who has told us the end from the Beginning.

2. We should take the initiative to meditate on scripture so that the Holy Spirit can reveal to us all that God has for us.

3. We should encourage ourselves that because we are in Messiah we are not appointed to wrath.
