“The Woman and the Dragon”
Revelation 12:1-17

Observations

1. God’s word reveals to us Biblical cosmology and Numerology.

2. Jesus will be completely victorious in His vanquishing of the Dragon and His dispossession of all that has been under Satan’s authority.

3. The LORD has promised to establish, protect and preserve His people Israel forever! Both through Divine intervention and Angelic assistance.

4. God’s unending faithfulness toward Israel is a sign and a reminder of his unending faithfulness to all, The Lord’s devotion to Israel demonstrates His character.

Personal application

1. We should rejoice over God’s display of eternal faithfulness to His covenant promises.

2. We should be emboldened to share this truth with the Jewish community and with all who will listen.

3. We should be comforted by the reality that because we are in Messiah God’s faithfulness towards us is also eternal.
