

The Letter to the Church of Pergamos
Revelation 2:12-17

1. Jesus protects His church universally and locally
2. The Lord warns His church about offering asylum to those who believe and teach false doctrine.
3. Jesus commands His church to repent and turn from false doctrine.
4. Jesus promises that to those who overcome He will give unbridled and unending access to Himself.

1. We should be thankful for our Lord's active protection and unending defense of His church.
2. We should worship our Lord who has not only saved us but like a good Shepherd keeps us from harm.
3. We must pray for those who are deceived and repent daily of our own mis-comings as we seek to hold fast to what is true, rejecting what is false.
