

Redemption through Remnant  
Revelation 7:1-17

1. The Lord provides salvation to the nations during the tribulation period.
2. The Lord is victorious in bringing myriads to salvation. So many they can't be numbered.
3. The Lord uses the remnant of Israel the 144,000 to evangelize those in the earth.
4. The Lord seals this remnant with His divine seal to protect them and ensure their success.

Personal Application

1. We must remember that God who has called us and saved us has empowered us to proclaim His message.
2. We should be excited about the work that God has begun which we are a part of and which we will see completed in the end.
3. We should be filled with joy knowing that in our world's darkest hour our Lord has promised there will be more salvations than we can count.
